Gruber's designated as a Public Fax

Public Fax International of Irvine CA has this week designated Gruber's Pharmacy of Dillsburg, Pa. 17019 as a local agency in the Public Fax 6,000 member nationwide fax network. With its selection, Gruber's Pharmacy is able to offer more than just basic "fax to fax" service. Local businesses and residents can use the Public Fax network to send fax mail even to people who are without fax machines of their own.

When a sender wants to fax something to someone who is not fax-equipped, the recipient is directed to a nearby Public Fax network location to pick up the urgent material. The purpose of the network is to make fax capability universal. People with fax can send to people without fax and vice versa, thereby saving them the one-day delay this comes with having to use overnight letters.

Another service offered by Public Fax agencies is the provision of a free fax number. Without requirement of guaranteed usage, Gruber's Pharmacy will allow area people to use its local fax number as their own. Users can issue the number to would-be fax senders or event print it on their business cards and stationery. There is a small per-page charge for materials received. Gruber's Pharmacy makes telephone calls to advise local users of fax mail that has arrived and then keeps it confidentially in a personal folder until it is picked up.

Other service features include the capability of sending pictures and photographs and having mail faxed for international delivery via INTELPOST

DASC

The Dillsburg soccer teams have already spent many hours practicing for the soccer season. The coaches and players work very hard to make the season a success. We hope each team has a great season with lots of fun.
